TOWN WARRANT

MARCH 13, 1990

THE STATE OF NEW HAMPSHIRE

THE POLLS WILL BE OPEN FROM 10:00 AM TO 7:00 PM

To the inhabitants of the Town of Weare in the county of Hillsborough in said State qualified to vote in Town Affairs.

You are hereby notified to meet at the Weare Town Hall in said Town on Tuesday the 13th day of March, next at 10 of the clock in the forenoon to act upon the following subjects:

Article 1: To choose all necessary Town Officers for the following year. (By Official Ballot)

Article 2: "Shall the government of the Police Department of the Town of Weare be entrusted to the Board of Selectmen and the current Police Commission be abolished?" (By Petition) (By Official Ballot)

Article 3: "Shall we adopt the provisions of RSA 72:28, V and VI for an optional veterans' exemption and an expanded qualifying war service for veterans seeking the exemption? The optional veterans' exemption is \$100, rather than \$50." (By Petition) (By Official Ballot)

Article 4: "Shall we adopt the provisions of RSA 72:35, IV for an optional property tax exemption on residential property for a service-connected total disability? The optional disability exemption is \$1,400, rather than \$700." (By Petition) (By Official Ballot)

Article 5: Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the town zoning ordinance as follows: Amend Article 19.1.6 to clarify the intent of the article by adding the requirement that a plan be submitted to the Planning Board prior to the hearing before the Zoning Board of Adjustment on gravel excavation in Residential, Rural Agricultural, and Village Zones? (APPROVED by the Planning Board) (By Official Ballot)

Article 6: Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the town zoning ordinance as follows: Amend the Weare Zoning Map, by changing Weare Tax Map 405, Lot #13 from rural agricultural (RA) District to Commercial Zoning District? (By Petition) (DISAPPROVED by the Planning Board) (By Official Ballot)

NOTE: IN ACCORDANCE WITH THE VOTE OF TOWN MEETING OF MARCH 6, 1973, ARTICLES 7 THROUGH 58 WILL BE TAKEN UP AT AN ADJOURNED SESSION OF THIS MEETING ON MARCH 24, 1990, AT 10:00 AM IN THE WEARE SCHOOL GYMNASIUM.

Article 7: To see if the Town will vote to raise and appropriate the sum of \$550,000.00 for the purpose of road improvements and pavement on approximately 23 roads throughout the community, the sum to be raised by the issuance of Serial Bonds or Notes in accordance with New Hampshire RSA 33:8, and to authorize the Selectmen to issue and negotiate such bonds and notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interests of the Town of Weare. (By Ballot).

Article 8: To see if the Town will authorize the Selectmen and the Town Treasurer to borrow on behalf of the Town in anticipation of taxes, or to take any other action in relation thereto.

Article 9: To see if the Town will authorize the Selectmen to apply for, receive and expend Federal and State grants which may become available during the course of the year, to accept and expend money from any other governmental unit or private source to be used for purposes for which the Town may legally appropriate money, and also to accept gifts of real and personal property from any governmental unit or private source, provided that such grants and other monies and gifts do not require the expenditure of other Town funds; and that a public hearing shall be held by the Selectmen prior to the receipt and expenditure of such grants and monies, all as provided by RSA 31:95b, or to take any other action in relation thereto.

Article 10: To see if the Town will authorize the Selectmen to transfer tax liens and convey property acquired by the Town by Tax Collector's deed by public auction, advertised sealed bid or in other such manner as determined by the Selectmen as justice may require, except for any parcels of land larger than five acres if land only, or larger than ten acres if a dwelling is present. Any and all sales are to follow the provisions of RSA 80:42, Sale of Tax Liens/Tax Deeded Properties, or to take any other action in relation thereto.

Article 11: To see if the Town will vote to authorize the Selectmen to sell any used and surplus Town equipment or to take any other action in relation thereto.

Article 12: To see if the Town will vote to accept gifts, bequests and trust funds received during the year, or to take any other action in relation thereto.

Article 43: To see if the Town will vote to raise and appropriate the sum of \$5,000.00 for the installation of air conditioning in the Town Office Building. The \$5,000.00 would come from the December 31, 1989 General Fund Surplus, or to take any other action in relation thereto.

Article 44: To see if the Town will vote to create a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of a Town Office Building Telephone System Replacement Capital Reserve Fund, to raise and appropriate the sum of \$4,000.00 to be placed in this fund, and to designate the Board of Selectmen as the agents to expend, or to take any other action in relation thereto.

Article 45: To see if the Town will vote to raise and appropriate the sum of \$3,254.00 for computer system equipment for the Town Clerk/Tax Collector and Selectmen's Office including two power systems, \$1,590.00 and a Town Clerk's Software Package, \$1,800.00 and to authorize the withdrawal of \$2,423.00 and all accrued interest as of the date of withdrawal from the Federal Revenue Sharing Fund for this purpose with the balance to be raised by taxation, or to take any other action in relation thereto.

Article 46: To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to be added to the Chase Park Erosion Control Capital Reserve Fund previously established and to designate the Board of Selectmen as the agents to expend, or to take any other action in relation thereto.

Article 47: To see if the Town will vote to raise and appropriate the sum of \$9,500.00 for the expansion of the current Town baseball field on Salmen Road to make provisions for a soccer field, erection of permanent soccer goals, concession stand/storage building, erection of bleachers and the expansion of the backstop and fencing. The sum of \$9,500.00 would come from the December 31, 1989 General Fund Surplus, or to take any other action in relation thereto.

Article 48: To see if the Town will vote to raise and appropriate the sum of \$5,000.00 for the construction of a cement block building at Chase Recreational Park to house men's and women's dressing rooms and a storage facility, or to take any other action in relation thereto.

Article 49: To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to be added to the Town Hall and Town Office Building Parking Lot Paving Capital Reserve Fund previously established. Of the \$1,000.00, \$515.00 would come from the December 31, 1989 General Fund Surplus with the balance of \$485.00 being raised by taxation, or to take any other action in relation thereto.

Article 50: To see if the Town will vote to authorize the Selectmen to accept funds from the N.H. Land Conservation Investment Program (LCIP), private donations and Town appropriations pursuant to RSA 221-A, and to expend those funds in conjunction with the LCIP to acquire fee simple title to the 288-acre parcel of land known as the "Schaumberg Property" (Tax Map No. 410, Lot No. 008-011), or to take any other action in relation thereto.

Article 51: To see if the Town will vote to raise and appropriate the sum of \$9,000.00 to assist donors of "matches" for the Town of Weare with their expenses associated with the LCIP. Specifically, these funds would be expended by the Selectmen to the donors to cover their survey and appraisal costs as required under RSA 221-A when the bills are presented and the application approved by the LCIP Board. The sum of \$9,000.00 would come from the December 31, 1989 General Fund Surplus, or to take any other action in relation thereto.

Article 52: To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to continue the wood's road building and maintenance of existing roads and landing in the Town Forest. The sum of \$1,500.00 shall be transferred from the Weare Town Forest Account to the General Fund for this purpose, or to take any other action in relation thereto.

Article 53: "To see if the Town will vote to accept the transfer of Weare Center Park, as shown on the plan filed with the Weare School Board on January 29, 1990, for the sum of \$1.00 for use as a park and recreational facility only, the property to revert to the Weare School District should it be used for any other purpose, and to see if the Town will vote to raise and appropriate the sum of \$_____ to pay for transferring title, or to take any other action in relation thereto." (By Petition)

Article 54: "To see if the Town will vote to authorize and instruct the Board of Selectmen to enter into an agreement with the Weare School District for the exclusive use of the Weare Center Field, as shown on the plan filed with the Weare School Board on January 29, 1990, for athletic, recreational and entertainment purposes for a ten-year period, or to take any other action in relation thereto." (By Petition)

Article 55: "To see if the Town will send a message to the legislature and Governor calling for a comprehensive Toxics Law requiring coordinated programs of planning, research and development, education, enforcement, and economic incentives to achieve Toxics reduction by substitution with safer substances." (By Petition)

Article 56: To see if the Town will vote to designate and proclaim April 22, 1990, as Earth Day 1990, and to set aside that day for public activities promoting preservation of the global environment and launching the "Decade of the Environment". (By Petition)

Article 57: "To see if the Town will vote to raise and appropriate the sum of \$10,000.00 for financial support to the Youth Baseball/Softball, Soccer and Basketball Programs within the Town of Weare." (By Petition)

Article 58: To transact any other business which may legally come before this meeting.

Given under our hand and seal, this 26th day of February, in the year of our Lord nineteen hundred and ninety.

RECORD OF TOWN MEETING

March 14, 1989

The annual Town Meeting of the Town of Weare was called to order by the Moderator, Neal M. Kurk, at 10:02 a.m.

The Moderator read Article 1 of the Town Warrant and the return of posting. A motion was made and seconded to waive the reading of Articles 2 through 21. The vote was affirmative. The Moderator stated Articles 22 through 71 would be taken up at an adjourned session of the Meeting to be held March 18, 1989 at the Weare School Gymnasium.

The Moderator read the Weare School District Warrant and the John Stark School District Warrant for the election of officers.

Gordon Brown, Selectman and Robert McLeod examined the ballot boxes and declared them to be empty. The Moderator announced that absentee ballots would be opened and cast at 11 a.m. in accordance with the law. The polls were declared open at 10:07 a.m. by the Moderator. The Meeting proceeded to ballot for Town and School District officers and to vote on Articles 2 through 21 of the Town Warrant.

ARTICLE 1. To choose all necessary Town Officers for the year ensuing.

The polls were closed at 7:02 p.m. At 11:45 p.m. the Town Moderator announced the result of the vote. The Meeting was adjourned by the Moderator at 12 midnight to resume on Saturday, March 18, 1989 at 10 a.m. in the Weare School Gymnasium.

At 10:05 a.m., Saturday, March 18, 1989, the Town Meeting was called to order by the Moderator, Neal M. Kurk. The pledge of allegiance to the flag was led by Harold O. Hall. The Meeting was asked to stand to hear the reading of town residents who have died since last Town Meeting. This was followed by a moment of silence.

The Moderator read the results of the Town and Weare School District and John Stark School District elections held Tuesday, March 14, 1989 and the results of the votes on Article 2 (Optional Adjusted Elderly Exemption) and Articles 3 through 21 (1989 Zoning and Building Code Amendments). He announced that those who were elected may come forward at the close of Town Meeting to be given the oath of office.

The Moderator stated the rules for today's Meeting would be Garfield Jones' Parliamentary Procedures at the Glance as interpreted by the Chair. This will be supplemented by ten specific rules as follows:

- 1) You may address the Chair or may address another through the Chair.
- 2) If you wish to be heard, please stand or raise your hand so that the Chair may recognize you. When recognized, you should approach the microphone, give your name and proceed with your remarks. It is important to use the microphone for two reasons: first, to allow everyone to hear remarks - the acoustics in this gymnasium are not the best - and second, to permit remarks to be recorded through the public address system.
- 3) If you proposed an article, you will be recognized first. After you have spoken, the person who rises and addresses the Chair first after the floor is yielded will be recognized to speak. If you make a motion, you may claim the floor in preference to others.
- 4) You are not entitled to the floor a second time in debate on the same motion as long as someone who has not already spoken desires the floor. You may speak a third time only by permission of the Meeting.
- 5) Motion to reconsider will be entertained only while the article to which they pertain is properly before the Meeting.
- 6) Lengthy or complex motions or amendments must be presented in writing.
- 7) In addressing the Meeting, you should keep your remarks to the subject currently on the floor. Remarks which are not germane to the subject at hand or which involve personalities will be ruled out of order.
- 8) Legally registered voters only shall be recognized. They should be displaying voter identification badges passed out at the door by the Supervisors of the Check List. Those who are not legally registered voters may not address the Meeting without its consent.
- 9) After each article dealing with the raising and/or appropriating of monies has been moved and spoken to, the Chair will recognize the Finance Committee so it may present its recommendations to the Meeting.
- 10) There will be no smoking in the gymnasium during the Meeting. Smokers are advised that smoking is permitted in the anteroom just outside the door at the rear of the gym.

The Moderator introduced the Town Officers and Robert Bossie, Legal Counsel for the Town. The Moderator asked if there would be any objection to hearing from Town Counsel on any legal opinion

required during the Meeting. No objection was made, and Mr. Bossie was granted the privilege of addressing the Meeting, if necessary. Also introduced was Bill Straub of CMA, Inc., the engineering firm for the solid waste transfer station and recycling facility. Mr. Straub was granted the privilege of addressing the Meeting on this project.

The Moderator recognized William Herman, member of the Board of Selectmen, to hear the State of the Town address.

William Herman, Selectman, presented plaques to Wilfred C. Foote and Gordon C. Brown in recognition of their many years of service to the Town.

Gordon Brown moved the reading of the Warrant in its entirety be waived at this time and that each article be read as it is taken up. Motion was seconded by Harold Hall and the vote was affirmative.

ARTICLE 22. To see if the Town will vote to raise and appropriate the sum of \$527,100.00 for the purpose of constructing a solid waste transfer station and recycling facilities near the site of the present landfill and for engineering and permitting fees associated with a Clean Waste/Demolition Debris landfill near the site of the present landfill, the sum to be raised by the issuance of Serial Bonds or Notes in accordance with New Hampshire R.S.A. 33:8, and to authorize the Selectmen to issue and negotiate such bonds and notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interests of the Town of Weare.

William Herman moved the article be accepted as read. The motion was seconded by Harold Hall. The Finance Committee had no recommendation.

Bill Straub of CMA, Inc. made a presentation of the proposed facility which was followed by questions and comments from the Meeting.

A written ballot, as required by law, was taken on Article 22. The polls were opened at 11:45 a.m. and the Meeting proceeded to ballot on Article 22. The polls remained open until 12:45 p.m. The result of the ballot:

The Finance Committee concurs with this article.

David Erickson moved to amend the article by inserting "of a colorful and quiet nature". The motion was seconded.

A brief discussion followed including a comment from Chief Rhodenizer that the fireworks may be held in the center of town as 1989 is the Town's 225th Anniversary.

The vote on the amendment was negative.

The vote on the original article was affirmative.

ARTICLE 61. To see if the Town will vote to raise and appropriate the sum of \$2,800.00 to be added to the Chase Park Erosion Control Capital Reserve Fund previously established. The \$2,800.00 sum would come from the December 31, 1988 General Fund Surplus, or to take any other action in relation thereto.

Gordon Brown moved to accept the article as read. The motion was seconded.

The Finance Committee concurs with this article.

The vote on the article was affirmative.

ARTICLE 62. To see if the Town will vote to authorize the Selectmen to execute and deliver to Douglas Burnett, Jr., a quitclaim deed conveying to him any interest the Town may have acquired in certain property known as "47 acres Alvah Gove Land" owned by him and taxed to him since 1964, but previously conveyed to the Town by tax deed for \$3.63, provided, however, that all taxes, interest and costs to the Town have been reimbursed, or to take any other action in relation thereto.

William Herman moved to adopt the article as read. The motion was seconded.

The Finance Committee concurs with this article.

The vote on the article was affirmative.

ARTICLE 63. To see if the Town will vote to establish a Capital Reserve Fund under the provisions of R.S.A. 35:1 for the purpose of a Town Hall and Town Office Building Parking Lot Paving Fund and to raise and appropriate the sum of \$1,000.00 to be placed in this fund. Of the \$1,000.00, \$515.00 would come from a special account currently held by the Town Treasurer for this purpose, while the balance of \$485.00 would be raised by taxation.

Gordon Brown moved to adopt the article as read. The motion was seconded.

The Finance Committee concurs with this article.

The vote on the article was affirmative.

ARTICLE 64. To see if the Town will vote to amend Article 51 of the 1988 Annual Town Meeting with respect to the withdrawal of approximately 25 acres from the Felch Farm Town Forest so as to provide a specified area of land for the Highway Department to utilize and for the Landfill and Transfer Station, by adding the following conditions thereto:

- A. Lumber cleared for these purposes will be sold, when possible, and the money from said sale will be placed in the Town Forest Account. The principle and interest of these funds will be applied to the costs associated with restoration of the acres described and to the standards contained in the Town of Weare Earth Products Ordinance and the stipulations below. Should these proceeds not cover the costs associated with the restoration, a future Town Meeting shall determine how the difference will be funded.
- B. Topsoil will be stockpiled and reapplied to the site when it is restored.
- C. As gravel is removed, no more than 2.5 acres can remain unclaimed without restoration. The restoration shall meet Town Standards for slope and replanted to White Pine at a rate of 450 trees per acre (10' x 10') and two State Wildlife Packages per acre.
- D. The Conservation Commission and the Board of Selectmen are jointly charged with overseeing the restoration of this area and an annual report shall appear in the annual Town Report to keep the citizens abreast of progress.

Robert Reeve moved the article be accepted as read. Paul Doscher seconded the motion.

Lloyd Bailey moved to amend Section C to read 5.0 acres rather than 2.5 acres. The motion was seconded.

The vote on the amendment was affirmative.

The vote on the article as amended was affirmative.

ARTICLE 65. To see if the Town will vote to raise and appropriate the sum of \$1,750.00 to have mapped and marked on the ground with painted blazes the approximate 25 acre parcel (formerly a part of Felch Farm Town Forest) which was assigned to the Town Highway Department, Landfill and Transfer Station in 1988. The sum of \$1,750.00 is to come from the Town Forest Account, or to take any other action in relation thereto.

Harold Hall moved to accept this article as read. The motion was seconded.

The Finance Committee had no recommendation on this article.

A division vote was taken. The result of the vote:

Yes - 44

No - 36

The vote on Article 65 was affirmative.

ARTICLE 66. To see if the Town will vote to amend Article 30 as adopted by the 1986 Annual Town Meeting which allowed skidder use in the Weare Town Forest only in the winter months, by allowing such use during the dry months of summer and fall as well. That the bylaw as amended shall read as follows:

"That the Town of Weare approves skidder use in the areas designated as Weare Town Forest during the winter months and the dry months of summer and fall as conditions allow, with supervision by the Weare Conservation Commission and consulting local and state foresters."

Robert Reeve moved to accept the article as read. The motion was seconded and the vote affirmative.

ARTICLE 67. To see if the Town will vote to authorize the Selectmen to reconvey to P & G Construction Co., Inc. a portion of the Beaver Pond Road Easement that was conveyed to the Town from said company prior to the relocation of the road at the demand of the State of New Hampshire, the conveyance to be on such terms and conditions as the Selectmen may deem to be in the best interest of the Town.

Terry Knowles moved to adopt the article as read. The motion was seconded. The Selectmen stated they agreed with the article completely.

The vote on the article was affirmative.

ARTICLE 68. To see if the Town will vote to discontinue a section of Balch Hill Road, where the road is abutted on both sides by the Poor Farm Town Forest, and assign the management responsibility of this discontinued road to the Conservation Commission as part of the Town Forest. (By Petition)

Paul Doscher moved to adopt this article as read. The motion was seconded.

Harold Hall moved to dismiss the article. The motion to dismiss was seconded by Eldon Townes.

A division vote was taken on the motion to dismiss. The result of the vote:

Yes - 39

No - 50

The motion to dismiss failed.

A motion was made to move the question. The motion was seconded and the vote affirmative.

The vote on the original motion was affirmative.

ARTICLE 70. To see if the Town will vote to accept a certain private road located at the northerly end of Craney Hill Road, so-called, said road being known as "Bob's End"; or take any other action in relation thereto. (By Petition)

Gordon Brown moved that the Town vote to accept a certain private road located at the northerly end of Craney Hill Road, so-called, said road being known as "Chipmunk Falls Road" for a distance of 750 feet.

The motion was seconded.

Following a lengthy discussion, Lloyd Bailey moved the question. The motion was seconded and the vote affirmative.

The vote on Article 70 was affirmative.

ARTICLE 71. To transact any other business which may legally come before this Meeting.

Terry Knowles, Chairman of the Planning Board, introduced Robert Fryer who gave a report on Growth Control as requested by Town Meeting of 1988. At the conclusion of Mr. Fryer's report, Mrs. Knowles stated that after the June School Meeting, perhaps the Planning Board could hold a public input session when anyone interested in growth -- its control or non-control -- could come forward and guide the Planning Board in what should be done.

William Mattil moved to see if the Town will vote to encourage the Selectmen, subject to approval at a Town Meeting convened, to convey for less than fair market value real property owned by the Town to not-for-profit organizations or corporations to be used in connection with the construction of affordable housing.

The motion was seconded and the vote affirmative.

Ruth Jones asked if applicants for the Administrative Assistant position are restricted to persons other than residents of Weare. William Herman stated there is no such restriction.

William Herman moved to adjourn with a vote of appreciation for the Finance Committee and the Moderator. The Meeting responded with a round of applause.

The Moderator declared the Meeting adjourned at 5:15 p.m.

Following the Meeting, the Moderator administered the oath of office to the following: Merrill Shepard, Selectman; Lloyd Bailey, Jr., Road Agent; Carole Perkins, Supervisor of the Check List; Larry Damour, Board of Fire Wards; William Boisvert, Board of Fire Wards; Forrest Esenwine, Police Commissioner; Chuck Bolton, Member of School Board and Beverly Herman, Town Clerk.

The following officers were given the oath of office by the Town Clerk at a later date: Donald Thomson, Town Treasurer; Marilyn Perkins, Auditor; Rebecca Carr, Auditor; Lorraine Cook, Trustee of Trust Funds; William Carr, Trustee of Cemeteries; Carolynne Shinn, Trustee of Library and Arthur Worthen, Board of Fire Wards.

SPECIAL TOWN MEETING

July 12, 1989

A Special Town Meeting of the Town of Weare was called to order by the Moderator, Neal M. Kurk, at 7:35 p.m. in the Town Hall. The pledge of allegiance to the flag was led by Harold O. Hall, Selectman.

The Moderator stated that the rules of the Meeting will be the usual rules of parliamentary procedure as stated in Garfield Jones' book as interpreted by the Chair. The Moderator introduced the Selectmen, Town Clerk and Town Counsel, Robert Bossie. Since there was no objection from the Meeting, Mr. Bossie was granted permission to address the Meeting.

William Herman moved the reading of the Warrant in its entirety be waived and each article read as it is taken up. The motion was seconded and the vote affirmative.

ARTICLE I. To see if the Town will vote to authorize the Selectmen to convey to the Weare School District approximately 35 acres of a 42 acre parcel of Town owned property on the west side of Route 114, in Weare Center, Tax Map #2441, for the purpose of locating and construction of a new elementary school, provided that any and all cost associated with the subdivision of the property and conveyance of the property be borne by the Weare School District, or to take any action in relation thereto.

William Herman moved the article as read. The motion was seconded.

Mr. Herman stated the property is just beyond the Mobil station -- a 42 acre piece acquired by Tax Collector's deed. The Town would transfer approximately 35 acres to the School District for the construction of a new school, retaining approximately 7 acres, most likely for future construction of a fire station and, possibly, a police station.

The vote was affirmative. This was a unanimous vote.

ARTICLE II. To see if the Town will vote to authorize the Weare Conservation Commission to receive gifts of money and property, both real and personal, in the name of the Town subject to the approval of the Board of Selectmen pursuant to RSA 36-A:4. Such gifts which are to be managed and controlled by the Conservation Commission shall be placed in a Conservation Fund and allowed to accumulate from year to year. Monies expended from such Conservation Fund shall be made in accordance with RSA 36-A:5, or to take any other action in relation thereto.

Merrill Shepard moved the article be approved as read. The motion was seconded.

Mr. Shepard stated the Conservation Commission is trying to obtain funds to purchase an area of several hundred acres around Ferrin Pond. He stated they are not looking for money from the Town to purchase this property. They are asking that the Conservation Commission be given the right to solicit funds for this project. They are attempting to get the property under the Land Conservation Improvement Program which is initiated by the State and private concerns. Under this program, the State would provide 50% of the money and the other 50% would be raised by individual contributions.

The vote was affirmative.

ARTICLE III. To see if the Town will vote to eliminate all reference to perpetual care from the deeds issued for the purchase of cemetery lots and further to add the following language to said deed:

"To keep in suitable and good repair and preservation, Lot # _____ in said cemetery, and the monument, shrubbery and soil thereon. To permit the surplus, if any, of such income or interest accumulated to be used for general cemetery maintenance." This article will not affect any perpetual care funds established to the date of this vote, nor will it affect any funds received through will or other trust instrument by the Town, or to take any action in relation thereto.

Terry Knowles moved the article be adopted as read. The motion was seconded.

Mrs. Knowles stated that, as a member of the Weare Cemetery Trustees, she is very aware of the fact that many of these perpetual care funds accumulate vast amounts of income that we cannot expend for general cemetery maintenance. By establishment of this particular article, we would be able to use the money for the betterment of all cemeteries in Town and not just individual lots.

The vote was affirmative.

ARTICLE IV. To see if the Town will vote to rescind its vote of March 10, 1925, providing that where a Special Town Meeting is to be held that notice is to be given by telephone, or to take any action in relation thereto.

Harold Hall moved the article be accepted as read. The motion was seconded.

Mr. Hall stated he hoped he was not the only one in the hall who remembers the year 1925. This was a good thing in the days when you had the jingle-jangle telephone, and the operator just jingled the phone for 8 or 10 or 12 times -- that meant a notice was going to be given by phone.

The vote was affirmative.

ARTICLE V. To transact any other business which may legally come before this Meeting.

There being no business to come before the Meeting under this article, the Moderator declared the Meeting adjourned at 7:47 p.m.

1989 TOWN AUDITORS REPORT
February 6, 1990

It is the responsibility of the auditors to express an opinion on the financial statements of the town. The auditors review of the records and financial reports of the town of Weare produced the following:

The general fund balance as stated in the Treasurer's report has been reviewed and in our opinion fairly reflects the ending balance for the year ended December 31, 1989.

The financial statements of the town are the responsibility of the Selectmen. The Town Financial Report (MS-5) had not been prepared at the time of our audit and therefore, no opinion is given as to its correctness. The Balance Sheet of the Town, as submitted, appears to fairly reflect the fund balance as of December 31, 1989.

The accounts and reports of the Trustees of the Trust Funds are prepared by the Trust Department of BankEast. The Capital Reserve Funds created by vote of the Town are also in the custody of BankEast. The trustees oversee the accounts and transactions of all the fund activities as well as authorize all expenditures. The reports as approved by the trustees appear to be in order. The BankEast Trust Department holds all of the securities of the Trust Funds and they were not produced for our audit.

The Federal Revenue Sharing account should be closed as should the Sewer Fund account. The other special accounts of the Town have been reviewed and in our opinion fairly represent the transactions of the Town for the year ended December 31, 1989.

BUILDING DEPARTMENT
ZONING BOARD OF ADJUSTMENT

The Building Department kept pace throughout the year 1989 with building permits and Zoning Board of Adjustment applications as well as the daily influx of people with questions and concerns about the building codes, building permits, code enforcement policies, ordinance violations, zoning ordinances and other pertinent aspects of the Building Department.

The following is a breakdown of permits issued during 1989:

New single family detached	103 houses
New single family attached	1 eight unit condo
New single family apartments	3 duplexes, 1-eight unit apartment
Manufactured housing	4 units
Commercial	10 buildings/additions
Industrial	0
Additions/Alterations	76
Accessory building (garages, barns, sheds, etc.)	47
Miscellaneous (electrical, plumbing, septic, etc.)	48
Renewals	<u>9</u>
TOTAL PERMITS	301

The Zoning Board of Adjustment was kept busy hearing forty-one (41) applications for Variances, Special Exceptions and Administrative Appeals during 1989.

The processing and individual attention given those and future applications is done entirely by the Building Department.

The Building Department would like to remind property owners that permits are required for rebuilding existing and new septic systems, upgrading electrical and plumbing service, new oil burner installations, swimming pools, signs, out buildings, garages and remodeling. Building Code books are available for sale in the office.

Applications and assistance for the Zoning Board of Adjustment Variances, Special Exceptions, and Administrative Appeals are handled exclusively by the Building Department. We will gladly assist you. We look forward to a busy new year, 1990.

Respectfully submitted,

Everett W. Stone
Building Inspector
Code Enforcement Officer

Jack Dearborn, Chairman
Zoning Board of Adjustment

CEMETERY TRUSTEES

The Cemetery Trustees met several times in 1989 for purposes of drafting Rules and Regulations for the operation of the town-owned cemeteries. The new rules were adopted in November and are available for distribution to the general public.

The Trustees continue to note an increase in the sale of lots and will be adding additional funds to the Capital Reserve Fund established for cemetery expansion.

There has been a continuation of the renovation of cemeteries in the town. The Board is pleased to note that the fence at Center Square Cemetery has been completed and that several smaller cemeteries have had brush cleared and stones straightened. We hope to continue this work in 1990.

Robert J. Richards did not run for re-election and the Board welcomed its new member, William Carr.

The public is invited to attend our meetings and your comments and suggestions are always welcome.

Respectfully submitted,

Renaldo Z. Azotea, Chairman
Terry M. Knowles, Secretary
William Carr

II. SUMMARY: The 1989 year was an exciting one for the Cooperative as the long awaited Incinerator Plant and Ashfill came on line on time and within budget. When all factors are complete, the Cooperative will be entering the 1990 year with an anticipated \$50,000.00 in our Operating Reserve Fund and the same Tipping Fee of \$36.45 per ton as we had in 1989 which is among the lowest in the State of New Hampshire. Including the shakedown period from April, 1989 to August 28, 1989, and the Commercial Operations from August 28 to November 30, 1989, the plant processed 107,285 tons of refuse and the Co-op disposed of 41,529 tons of ash through it's operator, J.D. McLeod at the Franklin Residue Landfill. It is anticipated that the Co-op Towns and Cities will dispose of 120,000 tons of trash in 1990 which will be about 78% of the plant capacity.

In 1989 the Cooperative received two distinctions including the Annual Achievement Award presented by the New Hampshire Chapter of the American Society of Civil Engineers for the design, permitting and construction of the Franklin Residue Landfill (the first time a solid waste project has been so recognized). Also, the Cooperative was recognized nationally with the annual Merit Award for Solid Waste handling presented by the American City and County Magazine.

Once again, many thanks to the Co-op representatives who have spent many evenings in guiding this project to it's present status.

Weare's Representative to
the Commission are:

Mr. William G. Herman	Operating Committee/ Co-op Chairman
Mr. Harold O. Hall	Alternate

CONCORD REGIONAL VISITING NURSE ASSOCIATION

The Concord Regional Visiting Nurse Association continues to offer three major health services to the residents of Weare: Home Care, Hospice, and Health Promotion.

Home Care Services respond to the health care needs of those patients with acute or chronic illnesses that require skilled professional and paraprofessional care so they may return to or remain in their homes. Emphasis is on promoting independence and maximum functioning of the patient within the least restrictive setting.

Hospice Services provide professional and paraprofessional services to the terminally ill patient with a limited life expectancy. The goal is to enhance the quality of the patient's remaining life by helping he/she remain at home in comfort and dignity. Emphasis is on pain and symptom management and skilled intervention to meet the patient's special physical and emotional needs. This is the only certified Medicare Hospice Program in New Hampshire.

Health Promotion Services focus on the low and marginal income families and individuals to prevent illness by professional assessment and screening for health risks and needs, by early intervention to prevent, eliminate, or minimize the impact of illness and/or disability, and by anticipatory guidance and health teaching. Services rendered in the clinic setting are: child health, family planning, sexually transmitted disease, adult screening, immunizations, and HIV testing and counseling. Home visits are made in crisis situations or when needed health care cannot be given in the clinic. Senior Health services are provided at congregate housing sites. Professional and paraprofessional hourly home services are provided on a private fee-for-service basis. Emphasis is on promoting healthy children, families, and individuals through early intervention and health teaching.

Health Education and Instruction is part of each home visit or clinic visit.

Anyone in Weare may request service; patient, doctor, health facility, pastor, friend or neighbor. All requests are answered, but continuing home care will only be provided with a physician's order.

A call to the Concord Regional Visiting Nurse Association (224-4093) between the hours of 8:00am - 4:00pm seven days a week is all that is necessary to start services or make inquiries. A Hospice nurse is on call (224-4093) 4:00pm - 8:00am daily.

Federal regulations specify a charge is applicable to all visits. Fees are scaled for that person, without a health plan, who is unable to pay the full charge. However, for fee scaling, federal regulations require a financial statement be completed by the patient or responsible person. Town monies subsidize those visits that are scaled or that no fee is collectible.

CONCORD REGIONAL VISITING NURSE ASSOCIATION (Cont.)

This agency is certified as a Medicare/Medicaid Provider, licensed by the State of NH and is a member agency of the United Way of Merrimack County.

Total visits made during the year October 1, 1988 through September 30, 1989:

	<u>No. of Clients</u>	<u>Visits</u>
Home Care	17	419
Hospice	1	26
Health Promotion	36	71

WEARE TOWN FOREST REPORT

During the "open winter" of 1988-89, we conducted a small timber sale along our existing roadway. This cut yielded approximately 40 thousand board feet and included final preparations for the road extension work scheduled for the summer.

Dave Bouchard, of Weare's Davisar Construction built an additional 2,000' of roadway. Dave also improved the first 2,500' of roadway, so that we can get logging trucks in and out of much of the forest. This stretch of the Town Forest is a moraine, consequently it is very rocky, with 3' to 7' boulders most common. The road goes down a steep hill and crosses Trout Brook. Dave did an excellent job for the Town. We also had the helpful cooperation of Lloyd Bailey, our road agent.

The disturbed ground was seeded with "conservation mix" and we added wildlife plantings along the roadway provided to us by Ted Walski, the state's wildlife biologist responsible for the reintroduction of wild turkeys in our region. It should be noted that a flock of over 3 dozen wild turkeys was seen at the Felch Farm last winter!

This winter, 1989-90, a new timber sale is underway with an expected yield of 135 thousand board feet. With another "open winter" well into December, the cut was proceeding quickly until, quite unexpectedly, Kearsage Reel and Lumber closed its doors for at least the winter. This has forced our logger off the Town Forest lot, because the quality of our logs is only fair and other mills will not accept our scale of measure. Should Kearsage Reel and Lumber go out of business the market for the bottom 50% of log quality will be in serious trouble. It will mean essentially one mill sets the price.

TOWN FOREST (Cont.)

This winter's situation points out the constant uncertainty that exists in the timber industry. It also points out that the majority of our logs are only of fair quality.

We are doing "selective cutting", but it is a long term project offsetting 60 or 70 years of little forest management. To the extent possible, each year we do habitat improvement work, wild-life plantings, and timber stand improvement. We are diligently trying to make our spectacular Town Forest more accessible, more diverse, and more profitable. The history of most forest land in New Hampshire is cycles of exploitation and neglect. We should do better.

We are trying to have forestry students from UNH do "weeding, and thinning" and "pruning" work in both the Poor Farm and the Felch Farm Forests under the "Cost-Shares" program offered by the federal government. We hope to have the Boy Scouts do the same. Much more would be contemplated with volunteer help. PLEASE contact Robert Reeve, Poor Farm Road, Weare, NH or at 529-7264 if you are interested in helping.

Respectfully submitted,

Robert Reeve

BOARD OF FIREWARDS REPORT

The Board of Firewards as usual, being very budget conscious and working together with the Fire Department and Rescue Department proceeded into a busy 1989. Normal Fire and Rescue business along with financial matters continued as expected. Other than an increase in activity, our work would seem to be business as usual, with everyday problems being discussed and negotiated at monthly meetings. However, the construction of the new South Weare Station brought on many new demands on the Board.

Praise is due to the many firefighters and volunteers who gave their time and energies to the construction project. We could have hired a General Contractor to oversee the entire project at considerably more expense. In an effort to save money it was decided the Board of Firewards and the Building Committee would oversee and coordinate the project. The fact we are volunteers and not professionals meant considerably more hours of work for us. The work is proceeding slowly, however we are not under any deadline pressure to complete. Making it easier for us to shop prices and also more time for volunteers to complete the work. I am pleased to

BOARD OF FIREWARDS REPORT (Cont.)

report at this stage we have managed to stay within our construction budget and even added a well with enough volume to fill a fire truck.

I wish to thank all the Board members for their work this year.

FIRE DEPARTMENT REPORT

During the year of 1989, the "Red Network" received 928 phone calls. These are broken down into the following categories:

Wrong numbers	151	Alarms	12
Inspections	4	Information	255
Rescue Calls	159	Accidents	61
Police	44	Gas Spills	2
Burning Permits	43	Chimney Fires	18
Car Fires	5	False Alarms	3
Lawnmower Fire	1	Gas Grill Fires	2
Burning Brush	21	Fire Drills	20
Brush Fires	11	Fire/Smoke Invest.	35
Arcing Wires	18	Mutual Aid	30
Fires	21	Miscellaneous	11
Snowmobile Fire	1		

These calls are on "Red Network" only. They do not reflect calls made by radio, police phone, town phone, or other towns. This is an increase of 157 calls over 1988. There has been a large increase in the number of accidents in the Town of Weare this year. The Weare Fire Department is always on hand to assist with traffic and crowd control. The "Red Network" has received a large number of wrong number calls. On numerous occasions the fire phone will only ring once or twice and hang up. Please remember that the fire phone is for emergencies only and will ring three times before it is answered. (529-2333)

TRAINING:

The Weare Fire Department provides on-going in-house training throughout the year. The Fire Department also participates in Mutual Aid drills and training. A number of firefighters have also received specialized training. These include;

- 3 members - Hazardous Material
- 15 members - Basic Fire Fighter (30 hour course)
- 5 members - Certified Fire Fighter
- 2 members - Level I Career

FIRE DEPARTMENT REPORT (Cont.)

EQUIPMENT:

This past year the Fire Department has purchased numerous items of protective clothing including; coats, boots, helmets, and gloves. A Deck Gun was donated to the Weare Fire Department in 1989. Other items purchased in 1989 include:

- A Deck Gun Nozzle
- Cutters Edge Venting Saw
- 200' 4" Hose
- 150' 1 3/4" Hose
- 400' 1 1/2" Forestry Hose
- Hazadous Material Supplies
- Safety Gear

REPAIRS AND ALTERATIONS TO TRUCKS:

All vehicles received thorough bi-annual inspections, tune-ups, grease jobs, oil changes, and complete check of all working parts.

- 75 M-4 Water pump, alternator
- 75 M-5 4 New rear tires

HIGHLIGHTS:

The Weare Fire Fighters Association sponsored with the Weare Athletic Corporation a Spring Festival in May of 1989. Marc's Amusements were hired for a three day celebration. The festival was a huge success. We would like to thank everyone who participated and helped with this festival. The help is greatly appreciated. The money earned will be used to purchase new equipment for the Weare Fire Department.

The Weare Fire Department has 4 cisterns in service and 2 more are ready to be filled. 2 Fire ponds have been accepted and 2 are close to completion. This is very important to have year round water supply for fire suppression.

The old ambulance has been put to very good use. This vehicle has been used to haul supplies, function as a utility vehicle at fire and accident scenes, travel to meetings, check cisterns and fire ponds, look at other buildings and trucks, etc.

KNOX BOXES:

The Weare Fire Department along with the Building Inspector have implemented a keyed alike Knox Box system for the Town of Weare. This is a tamper proof box with an alarm that houses keys for businesses and schools, etc.. The Weare Fire Department would have one key for the box which would enable them to retrieve the key for access to buildings in an emergency. One key is kept by the Fire Department which controls the number of keys out and makes things

FIRE DEPARTMENT REPORT (Cont.)

faster and efficient in an emergency. For more information please contact Chester Rhodenizer or Everett Stone.

BURNING PERMITS:

We would like to remind everyone that a burning permit is necessary to burn brush except on completely snow covered ground. A burning permit is free of charge and can be obtained by contacting Raymond Eaton, Sr., Everett Stone or Charles Osborne. Thank you to all the Townspeople for reporting to the dispatchers when you are burning on snow covered ground. This helps to prevent any false fire reports and out of control fires.

We would like to encourage people to install smoke detectors in their homes and keep them in safe working order.

SUPPORT:

The following persons and committees deserve our warmest thanks and appreciation for their continued support, help and assistance:

Ladies Fire Auxiliary, Building Committee, Dispatch Committee, Fire Truck Committee, Dispatchers, Highway Department, Police Department, Building Inspector, Board of Firewards, Town Officials, Town Office Staff, Townspeople, local merchants, mutual aid towns for assistance with fire and rescue calls, Base 100, Concord Fire Alarm, Hillsboro dispatch for their excellent assistance during emergencies. You have all helped to protect the Town of Weare and you should be very proud.

As Fire Chief I would like to thank all of the members of the Fire Department and Rescue Squad for excellent service to the Town of Weare.

FIRE FIGHTERS NEEDED:

If you are interested in joining the Fire Department please contact Chester Rhodenizer at 529-2505.

DONATIONS:

If anyone wishes to make a donation to the Weare Fire Department please make checks payable to the Weare Fire Fighters Association or to the Weare Emergency Medical Services for Rescue donations.

For more information and NON EMERGENCY you may call 529-2352.

Respectfully submitted,

Chester Rhodenizer, Fire Chief

Charles Osborne, Second Asst. Chief

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

During calendar year 1989, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were fires kindled without written permission of a Forest Warden, children and debris burning fires that escaped control. All of these causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. By New Hampshire State law (RSA 224:27), no person, firm or corporation shall kindle or cause to be kindled any fire, except when the ground is covered with snow, without first obtaining a written permit from the Forest Fire Warden of the town where the burning is to be done.

In order to eliminate false alarms, it is advisable to notify your local fire department whenever you intend to do any outdoor burning.

Violations of RSA 224:27 are a misdemeanor and you are also liable for paying all fire suppression costs (RSA 224:28 and RSA 224:36).

The State of New Hampshire, Division of Forests and Lands assisted many towns in wildland fire suppression during 1989 including several large fires in the Concord and Chesterfield areas, as well as the 100 acre fire on Mt. Belknap in Gilford, New Hampshire.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden of the Division of Forests and Lands at 271-2217.

STATE FOREST FIRE STATISTICS - 1989

Number of fires statewide	550
Acres burned statewide	553.75
Cost of suppression	\$93,957.00

WEARE FOREST FIRE STATISTICS - 1989

Number of Fires	11
Number of Hours	298
Acres Burned	1 3/4
Cost of Suppression	\$1,714.00

We would like to thank all those persons for the use of their four-wheel drive vehicles for patrolling Ferrin Pond, East Weare Village, Daniels Lake and other secluded wooded areas.

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER (Cont.)

Thank you to all persons who have called the fire department when they are burning on snow covered ground. This keeps the fire department aware of all burning in Town. A reminder that a burning permit is free of charge and is required to burn brush at all times except on completely snow covered ground. Burning permits can be obtained by contacting; Raymond Eaton, Sr., Charles Osborne or Everett Stone. For general information please call Chester Rhodenizer.

The Forest Fire Warden and some deputies attended compass training this past year.

HEALTH OFFICER REPORT

There was an inspection made for the day care (Sugar & Spice Preschool) which was fine. Also inspection for State Regulations regarding a new pizza place opening. Inspection for a new day care opening regarding State Regulations. Many private day care for foster children, also again to apply for State and Sanitary Regulations.

All stores and food establishments were inspected with the State Food Inspector regarding the Health Code HEP 2300 which the Town of Weare adopted. To my knowledge all have complied. There were two different septic systems corrected.

HIGHWAY DEPARTMENT

The Highway Department had an exceptionally busy year. Although we did not see substantial snows throughout the winter months, icing became a more persistent and expensive problem to deal with on our roadways. We presently have 6 sanders that cover approximately 135 miles of town maintained roads with new roads being added every year. One sander will cover approximately 5 1/2 miles of road before it must make a return trip to the Town shed to reload. This process takes time to complete and does not take into consideration mechanical breakdowns. Judging by the weather pattern thus far for

HIGHWAY DEPARTMENT (Cont.)

December, it appears that we will be planning for a season that will keep the crew and equipment as busy as the beginning of the year. Excessive frost penetrated our roadways, and as usual, the spring thaw necessitated the posting of many roads in Town. Mud problems existed and continued well into the spring.

Beginning in the spring and continuing to mid-fall, we began a maintenance program of replacing damaged and/or inadequate culverts along with roadside ditchline and shoulder work. This work took place periodically between road projects and regularly scheduled road maintenance.

During late spring, summer and early fall months, much was accomplished. Repair of Abijah Bridge and Woodbury Road Bridge took place, sections of Shady Hill Road, Windsong Heights, Old Francestown Road, River Road, Sugar Hill Estates and Quaker Street were shimmed, Lufkin Road and Knox Road were overlayed and the reconstruction of the first half of Gould Road was accomplished. Along with these projects, approximately 3,500 feet of Clough Park Road was reconstructed and Center Woods Road had sections shimmed and overlayed with slope and ditch work completed. We received State Aid on these last two projects and expect to continue progress on Center Woods Road.

Our regular road maintenance, which consisted of grading, raking, pot-hole patching, tree removals, gravel hauling and sign postings, progressed as usual. The Highway Department has a good crew and we wish to thank the residents for providing us with the support we need to maintain our roads for safe and suitable travel.

Respectfully submitted,

Lloyd Bailey, Jr.
Road Agent

LANDFILL DEPARTMENT

Operations at our Landfill experienced the usual and customary traffic flow throughout the year. Between 2 full-time and 1 part-timer, operations continued in an orderly manner. This included areas previously established for the placement and collection of tires, metal, stumps, wood, demolition, septic and household refuse. At the end of the year, the metal piles were crushed and hauled away. A new entrance gate and sign were erected outlining the hours of operation for both the new facility and Highway Department.

LANDFILL DEPARTMENT (Cont.)

Our Landfill is at capacity and scheduled to be closed. We are looking forward to the opening and operation of the new Transfer Station. An effort to comply with the scheduled hours of operation at the Landfill was greatly appreciated and should continue at the new facility.

Lloyd Bailey, Jr.
Landfill Supervisor

HISTORICAL SOCIETY

Weare celebrated the 225th anniversary of its incorporation in 1989. The Historical Society commemorated the occasion by designing and building a bandstand which was presented to the Town at the July 4th celebrations (a copper roof and other detailed trimmings remain to be done). Thanks are due to generous donors, a master carpenter and yeoman laborers who wish to remain anonymous. We are working closely with other organizations and individuals to create a park and field around the bandstand in the center of town. The Society also participated in the July 4th parade, taking first prize in its division, thanks to companion cyclists Laurel and John Chapman, accompanied by Terry Knowles and Dennis Paquette in period costumes. A record crowd visited the Society's museum in the Stone Building over the July 4th weekend, due to the efforts of Carole Wigsten and crew.

To further commemorate our 225th anniversary, the Society joined with the U.S. Post Office in creating a special cancellation mark, designed by Weare's Linda Graham, which Postmaster Bob Sternberg used at his special branch at the Stone Building to hand cancel letters mailed on that date. Several imprints were obtained for our museum.

The Society put on a spring and fall series of programs for its members and the public, coordinated by Liz Sizemore and Dennis Paquette. In the spring, drama students from the high school, led by Nancy Brennan, presented a fashion show of antique clothing, with appropriate songs, in February. In March, Rachel Hatt of Henniker gave a costumed monologue on Shaker life, and Angela Robinson, also of Henniker, offered a program of Shaker music. In September, there was a double feature: Paul Knox retold the story of the early settlers' petition to the King of England to incorporate as a town, and panelists and audience shared eyewitness accounts of the "Great Flood of '38." In October, the Society and the Holy Cross Episcopal Church co-sponsored a performance on Early American Home Life, "It Had To Be Done So I Did It," by the Warner Women's Oral History Project. Later that month, George Hollis led a hardy troop of members on a walking tour of East Weare, while in

HISTORICAL SOCIETY (Cont.)

November, we heard about military life in the pre-revolutionary period.

The Society is currently in the process of publishing a pictorial history of Weare based on George Hollis' collection of early photographs. The first volume is expected to be available in early 1990. WEARE PUBLIC LIBRARY REPORT

Books and other material circulated during the last four years:

1986	16,522
1987	18,264
1988	19,884
1989	22,776

In spite of the crowded conditions which continue to plague the Weare Public Library, 2892 more books were circulated in 1989 than the year before. This figure also translated into more patrons requesting other services as well.

A plan has been formulated to help alleviate at least some of the crowding. After careful study the trustees see as essential that the library be open for one more day during the week. Thus by spreading out the number of patrons, there will be less of a jam in the library's small spaces. This will also give the staff more time to perform the many tasks needed to serve the people and enable them to operate the library under less adverse conditions.

The very necessary building addition to the library is partially funded at this time by a sum of \$100,000 in Capital Reserve, with more funds to be requested in order to continue the progress of the project.

WEARE PUBLIC LIBRARY REPORT (Cont.)

The library requested and was fortunate to receive a grant of a computer, modem and monitor from the IBM Corporation through the auspices of volunteer Roland Dufour, an IBM retiree. Better service in the interlibrary loan program will be offered when the system, is completely operational and it will provide for more efficient handling of many other tasks.

The library's Timothy Chandler tall clock with the Moses Hazen cabinet was repaired and refurbished with money provided by the Emma Sawyer Trust Fund.

Two thousand eight hundred dollars from the Ruth Woodbury Trust Fund was released to the library for the purchase of books according to the provisions of her will. A new set of encyclopedias as well as many replacement books were bought. Each publication has a bookplate in the front indicating the Ruth Woodbury Trust Fund was the source of the money used for the purchase.

The newly formed Friends of the Weare Public Library held two successful book sales during the year and an open house at the library in November. Seasonal decorations and shut-in services were also provided through the generosity of the group and its members which already number more than 60 Weare residents.

The library staff participated in a wage scale survey along with the other town employees which was conducted by the N.H. Municipal Association. The Association has not as of yet completed the project with final results not available at this time.

The "Year of the Young Reader" was highlighted by a large number of participants in the Childrens' Story Time and the Summer Reading Club. The public pronouncements to promote literacy had a great impact as libraries are at the forefront of encouraging readership among children.

The 100th anniversary of the N.H. Library Association was recognized by Governor Gregg with a special proclamation as well as special events throughout the state during the year.

Special thanks go to our faithful volunteers and those making donations to the library.

Respectfully submitted,

Bessie Myhr

PARKS & RECREATION COMMISSION REPORT

The official opening of Chase Park was Memorial Day weekend, to allow out-of-state and local cottage owners to launch their boats. Prior to this date, the Commission had a work day for preparation. Many thanks go to Boy Scout Troop #24 who did an excellent job in raking and cleaning the grounds for their community project.

This year was average, with cool and, moderate to hot weather, having an average temperature of 80 degrees. Seven rain out days; eight days of partial showers. Attendance was heavy and the park was filled to capacity on many weekends, and during the week Town residents used the park.

Our records show that resident season tickets sold were 921; free senior citizen tickets 43; non-resident children under 12 years 135; non-resident adults 742; and non-resident boat launchings 183; plus many others using the public access ramp.

No major accidents in the park or on the lake were reported. One slight incident was reported, a man taking his boat out of the water, lacerated his thumb, and was taken to Elliot Hospital Hospital, by the Rescue Squad.

This year we had a full time life guard on duty Saturdays, Sundays, and Holidays. Activities were controlled in the immediate swimming areas. Plus a full complement of staffing for admissions, ground maintenance and policing. Grounds were mowed regularly, kept raked and trimmed, plus the addition of 10 new picnic tables, 1 life guard observation platform with seat and umbrella.

The snack bar was not in operation, due to stricter state regulations in the handling and processing of foods for public consumption.

Steps were taken to correct drainage and control water run off in the parking area. A slight trench was constructed, and the area leveled. Efforts have been taken, but no final decision has been agreed upon as to the Erosion Control. Monitoring of fast boats and the observation of the 150 feet from shore limits in the swimming areas are being observed.

Due to vandalism and a great deal of deterioration, the two dressing/changing rooms have been demolished and removed. Plans are to replace with 1 concrete block building, which would include a storage area.

Red Cross and private swimming lessons are both offered.

Many thanks goes to the Weare Athletic Club for their free labor and sincere interest in the reconstruction of the Route 77 East ballfield. We are also, constructing a soccer field which will include the outfield area. This will be a total of two soccer fields, and three little league fields. When the Weare Center public park is completed hopefully this will add one more ballfield.

PARKS & RECREATION COMMISSION (Cont.)

At the tennis court, we were hoping to stimulate an age group tournament, but due to the lack of interest, it did not materialize. Many thanks to Doris Brown for her floral display.

Senior citizens under the direction of Forrest Dearborn meet twice monthly at the Legion Hall. Dinners, outings, field trips and social events expenses are under the Parks & Recreation Commission Budget.

PLANNING BOARD

The Weare Planning Board met a total of 29 times in 1989 to consider 91 plans ranging from major subdivisions to lot line adjustments, bona-fide gifts and site plan review applications.

The March 1989 Town Meeting, supported the Planning Board in its recommendations for zoning changes and changes to the Building Code. These changes have resulted in the simplification and clarification of the ordinance passed in 1988 and updated the BOCA Code.

The Planning Board is in the process of amending its Master Plan to include the new water resources section which should be completed early in 1990. In addition, the subdivision regulations are being redrafted with the aid of the town engineer, Caron Engineering.

There were several changes in Planning Board members during the year. The Board accepted, with regret, the resignation of Gordon "Jockey" Brown as ex-officio member and Carolyn Zielinski. Edward Sanborn was moved from alternate to full board status. Harold Hall was appointed ex-officio member and Richard Townes was appointed as an alternate to the Board. There are three unfilled alternate positions at the present time.

Although the total number of plans reviewed has increased since 1988, the number of lots requested has dropped as expected due to the overall decline of real estate transfers in New Hampshire statewide. This has given the Board a welcome opportunity to review planning issues and concentrate on other projects which have been pending for a number of months.

PLANNING BOARD (Cont.)

The Board looks forward to serving the Town in 1990 and, as always, invites all interested citizens to attend our meetings and public hearings. Your thoughts and opinions are important to the Board.

POLICE COMMISSION

The Weare Police Commission continued on it's Town-mandated course of providing the citizens of Weare with the most efficient, economical and professional police department that is currently possible. We recognize that there is still a way to go, however, the department that serves you today is one the Town can be proud of.

Meeting on an average of twice a month during 1989, your Commission has made decisions, policies, and yes, corrections when necessary, to try to formulate a police department that a growing town like Weare deserves and is in need of. Through the able departmental leadership of Chief David Mason, we have set the foundation stones on which to build a truly quality police force.

With the addition of a second full-time police officer, we have been able to reduce our part-time force from 11 men to only 7. This gives us the manpower needed to have the Town of Weare covered 24 hours a day by our own officers who are able to respond as soon as a call is received. While a completely full-time force is our ultimate goal, that time is still some years in the future. However, what we do now... the building blocks we set in place now, are what that future department will grown on. But grow at a pace that, while steady, is not beyond the means of, or over-burdening to our taxpayers.

We are your elected Commissioners. We are here to serve you by striving to provide the best police protection in the most efficient and economical way. We welcome your comments. Good and bad. Communication is our best line for understanding.

Stetson Hunt, Chairman

POLICE DEPARTMENT REPORT

The past year has been very active with an increase in calls to both dispatch and officers. Dispatch calls had an 8% increase while the total calls handled by officers was approximately 23% over last year. As noted on the Year End Activity Report, all categories of crimes and services had large increases. Much of this could be attributed to the fact that there is an officer on duty from 8 a.m. to midnight and the citizens are aware of this and now report incidents that they might have disregarded in past years.

Dog and animal complaints (309) have taken a considerable amount of the officers time. Most are for loose and uncontrolled dogs and officers are enforcing the dog control ordinance. Unlicensed dogs were also time consuming. The Selectmen issued a warrant to the police to pickup all unlicensed dogs and based on Town Clerks records, licenses for 213 dogs were collected. Dog owners are reminded to license their dogs and to keep them restrained.

Home and business burglar alarms (191) were another problem. During the past year only 3 alarms were for actual burglaries, the rest were either accidentally set off or defective equipment. In order to reduce this problem, an alarm ordinance has been requested at Town Meeting for the benefit of all citizens.

Edward T. Walter was hired in July as our full time officer. Since being hired he has attended a number of training courses on his own and is now assigned as the department's court prosecutor, in addition to his regular patrol duties. During the past year, resignations and hirings of part time officers were stabilized to the current level of seven. Former Chief, Donald Thomson, was granted a leave of absence and Sergeant Wayne Thomson resigned. Both of these men devoted many years of service to the Weare Police Department. Morton Perry was promoted to the rank of Lieutenant. With his many years of service, Lieutenant Perry will continue to be an important and motivating link within the department and community.

No major equipment purchases were made during the past year. However, there were some unplanned costs incurred to change our radio system frequency due to a previous problem that was brought to our attention. The 1988 cruiser has logged 58,000 miles and will continue in service for another year. The 1982 cruiser has over 100,000 miles and needs replacement. In order for officers to gain access to all roads in Town and answer calls during bad weather, a 4 wheel drive multi-purpose vehicle will be requested at Town Meeting. The majority of the department's equipment is in good shape with the exception of portable radios. The officers use portable radios when they are out of the cruiser and these are necessary items for the protection and safety of each officer and citizen. Our planned program of replacement is to request two new portables at Town Meeting.

POLICE DEPARTMENT REPORT (Cont.)

A major purchase that is seriously needed is a computer system for the Police Department. The greatest portion of an officer's work is report writing and record keeping. The current hand filing system combined with the large increase in calls received, has resulted in much of my time as Chief being spent looking up past records and manually keeping track of court cases, daily activity, reports, and other information.

During 1989, I was successful in obtaining a monetary grant from the State of New Hampshire to fund a second patrol during summer months on Friday, Saturday and Holiday nights for detecting alcohol and drug impaired drivers. This also provided the Town with an extra man for backup and assistance during this busy period at no extra cost to the Town. The Police Department was also responsible for an increase in revenue to the Town for dog fines and penalties, parking violations, police reports and pistol permits.

The Police Commissioners have worked very close with the Chief and department towards improving our service to the Town. The Commissioners are very dedicated individuals without whose participation the department could not have achieved the goals set. I firmly believe that the Police Commission is necessary if the Weare Police Department is to continue in a planned growth program. Realistic goals were presented over a year ago, of which some have been achieved. Although these change as time passes, the Commissioners and Chief recognize this and plan accordingly.

One major plan that was adopted this past year is a comprehensive wage scale for the police officers. This plan based on graduated increments based on each officers's increase in training and length of service. The result of this has been an increase in moral and better insight for each officer's future growth within the department.

The department has a fine group of dedicated officers who strive to give their best effort to the Town. The department has worked closely with the Fire and Highway Departments, New Hampshire State Police, and other Town and State agencies to improve the overall service to the citizens during the year. In return, those departments have provided valuable assistance to the police officers and ultimately better service to you, the citizen. Cooperation and teamwork are keywords in the department's future and as Chief, I intend to continue this plan.

I thank all the officers, Town Officials and citizens for working with me during the past year and making Weare a better place to live.

OVERSEER OF PUBLIC WELFARE REPORT

During the year 1989, 33 applications for general assistance were received. This is an increase of 75% from 1988, reflecting the economic change. Of the 33 applications received, 30 were approved and 17 required more than one form of assistance. The greatest need among the 30 approved applications was for rental assistance.

The Town Poor Program cost the Town of Weare (\$11,023.93) during the year 1989. Additionally \$4,510.00 was contributed to Contoocook Valley Counseling Services and miscellaneous expenses such as postage brought the total to (\$15,558.93).

The holiday season was once again particularly busy. Twenty-one received food baskets at Thanksgiving and Christmas.

"Operation Santa" in its third year continues to be a great success. A total of 46 needy children received gifts of clothing and toys.

On behalf of all those who received your gifts we wish to thank the various churches, organizations, businesses, and many individuals for their continued generosity.

Respectfully submitted,

Phyllis Azotea
Overseer of Public Welfare

RESCUE SQUAD REPORT

The Rescue Squad answered a total of 214 calls from November 1, 1988 to October 31, 1989. These are broken down into the following categories:

Medical Emergencies	147
Motor Vehicle Accidents	52
People Transported	159
Non Transport	64
Number of Patients Seen	225
Fire Standby	9
Mutual Aid	5
Cancelled Call	1

This total includes calls from the "Red Network", Police, radio and walkins. This is an increase of 32% over last year.

February of this year the Weare Rescue Squad replaced the 1978 Van with a new 1988 ambulance. The ambulance is working out quite well for the department. With more space inside the ambulance we are able to care for the injured or sick patient on either side and it also enables us to have 2-3 people being taken care of.

This year the Rescue Squad purchased a Cardiac Monitor/Defibrillator. This will enable the Rescue Squad personnel to provide needed treatment for the sick or injured patient. This year the Rescue Squad is working on protocols with the area hospitals to provide defibrillation, intravenous fluids (I.V.) and medication.

The training for the Rescue Squad is continuous due to changes in the medical field. We have 4 people certified in Defibrillation, 1 Intermediate (I.V.) and 1 Paramedic. In February of 1990 we have 4 people enrolled in an I.V. therapy course. By June 1990 most or all of the squad will be certified in Defibrillation. This is all on volunteer status to attend these courses.

Last year at Town Meeting the Rescue Squad was promoting a blinking light to help Fire, Rescue and Police to locate peoples houses, trailers, camps, etc. in case of an emergency. We still believe seeing this light will decrease time required to respond to an emergency call. If you are interested please contact a Rescue Squad member.

Last February we held an EMT course in Weare. We have 5 new members from the course. If anyone is interested in taking an EMT course please contact a Rescue Squad member. We do need more people especially during daytime hours. We have had to call Mutual Aid to assist us at times. If there are enough interested people we may be able to hold the course in Weare.

Donations for the Rescue Squad should be made payable to the Weare Emergency Medical Services Association (W.E.M.S.A.). We would like to thank all the people who have donated to the Rescue Squad.

We do want to remind people that we are a volunteer Fire Department and Rescue Squad. We are not at the Fire Station 24 hours a day. We respond from our homes when a call comes in. We do ask for your patience, that we may arrive at your home before the ambulance.

We, of the Weare Rescue Squad would like to thank the people of Weare for their continued support and help.

SOUTHERN NEW HAMPSHIRE PLANNING COMMISSION

The Southern New Hampshire Planning Commission offers a wide variety of services, resources and technical assistance to all towns that are dues-paying members of the Commission. A professional planning staff, assisted by consultants in certain specialized fields for which the Commission is unable to employ a full-time staff, work under the direction of your representatives to the Commission in developing and carrying out planning programs that require regional perspective as well as which pertain to your community.

Local planning assistance requests are normally made by the Planning Board and/or the Board of Selectmen of your town based on your local priorities. However, certain general studies, notifications or acquisition of resources that are deemed essential for all member municipalities of the Commission are also conducted with the concurrence of the Commission.

SOUTHERN NEW HAMPSHIRE PLANNING SERVICES (Cont.)

Services that were performed for the Town of Weare during the past year are as follows:

1. Provided testimonies to the House and Senate Committees of the 1989 session of the General Court on many House and Senate bills pertaining to planning and zoning issues. House Bill 758 dealing with impact fees, and Senate bills 139 and 166 deserve special mention.
2. Co-sponsored the Municipal Law Lecture Series, to which Weare officials were invited.
3. Conducted a 6-hour training session for the planning and zoning board members.
4. Prepared the town's road map in the scale of 1" = 1000'.
5. Prepared the town's road map in the scale of 1" = 2000' and necessary art work for printing.
6. Prepared a pavement management report for the Town of Weare.
7. Conducted traffic counts at two locations near the proposed school site. This was done at the request of the Town Administrator.

FIRE DEPARTMENT DISPATCH STUDY COMMITTEE REPORT

Introduction: During the 1988 Town Meeting, The Board of Selectmen announced that a committee would be formed to study the future radio dispatching needs of the Weare Fire Department & Rescue. This committee has been studying these needs since then. The purpose of this committee is to determine what the town should do when our present dispatcher retires.

Existing Dispatch System: Our existing radio dispatch service is operated by Florence Wheldon, with additional support from Kathy Rhodenizer. The existing service works very well and the committee feels that the town could not purchase a more personal and efficient dispatch service. Florence has been our dispatcher for the past 29 years and her hard work is recognized by everyone in the fire department and rescue of our town, as well as the surrounding communities. Florence's knowledge of our town is evident in her performance and it will be extremely difficult to replace. Florence has been, and continues to be a valuable asset to this community.

The committee would like to recommend that the present Weare Fire Department and Rescue dispatchers' continue their work for as long as they are willing and able to do so.

Committee Activities: The committee has visited 4 different dispatch systems, and has spoken to several organizations throughout the state. The members of the committee developed a list of questions that were asked when we visited these services in an effort to determine which service would be the best for our town. We were impressed by the various systems we investigated, each having positive and negative issues when considering to provide fire and rescue dispatching for our town.

The committee also met with Police Chief Mason to discuss the possibilities of the town providing its own dispatching service for police, fire and rescue. The committee feels that this option would not be a viable one due to the expense. This scenario was also discussed with the State of New Hampshire Fire Marshall, Mr. William Toland. He believes the Town could not afford this project and advised the committee to pursue an outside dispatch service because of cost, and the additional coverage and benefits provided by a mutual aid association.

The committee has narrowed the group down to 2 contending dispatch services. The last service was a late entry (December 29, 1989) into our evaluation process. We asked this dispatch service to talk with us in the middle of 1989 but they could not provide service to the town at that time. Our evaluation process has been set back by this, however, the committee believes that this dispatch service is worth consideration and is taking the time to evaluate their service for the town. The committee believes that a dispatch service recommendation should be forthcoming by the spring of 1990.

FIRE DEPARTMENT DISPATCH STUDY COMMITTEE REPORT (Cont.)

The committee also investigated the use of 911 emergency calling for the citizens of Weare. The ability of a dispatch service to utilize the 911 would be advantageous to the Town of Weare because this system has the capabilities to provide caller information to the dispatcher. This would decrease the possibilities of sending personnel and equipment to an incorrect location and decrease the liability of the town. The town could utilize 911 emergency phone service for calls (at an additional cost) according to Granite State Telephone. It should be noted however that these costs would typically apply for any dispatch service the town considers.

Concluding Statements:

The members of the committee have worked for approximately 1.5 years (approximately 90 hours) to organize and conduct on-site interviews with various dispatching services within the state. A great deal of effort has been put forth by the members. I would like to thank the members of the committee for their time and efforts. I would also like to thank Florence, Punky, and the members of the Weare Fire and Rescue Department for their diligence in the services they provide to the Town of Weare.

Respectfully submitted,

Keith W. McElman, Chairman, Chester Rhodenizer, Fire Chief
William Boisvert, Cindy Foley and Robert McLeod

WEARE FIRE DEPARTMENT BUILDING COMMITTEE REPORT

The Building Committee and Board of Firewards have worked closely together on the construction of the new South Weare Fire Station. The Committee and Board of Firewards looked at numerous buildings before selecting Morton Buildings for the construction of the fire station.

We are presently supervising the construction of the South Weare Fire Station. We will begin evaluating the 3 other fire stations, to determine the runs made from each station. We will also look into insurance coverages for living near a fire station. The committee will continue in the 1990's.

CABLE TV STUDY COMMITTEE

As indicated in our 1988 report, the Cable TV Study Committee has remained active. Early in 1989, interested cable companies were furnished with the Town's Request for Proposal. Allowing several months for companies to respond, the deadline approached and Weare had six proposals to review (one withdrew later in the year). A lengthy and complicated review process took place and after several meetings and work sessions, we were able to hold a public information hearing in November of 1989. Based on public input and company proposals, the Selectmen received the Committee's recommendations. The final step required, prior to an award of franchise by the Selectmen, will be a public hearing held by the Selectmen in December of 1989. Ultimately, the Selectmen will decide, which company, if any, will serve the Town. Pending their decision, The Cable Study Committee wishes to thank the citizens of Weare for their patience and support.

TRANSFER STATION ADVISORY COMMITTEE

The Transfer Station Advisory Committee has met approximately once a week since it was appointed by the Selectmen in June. During these meetings the Committee made suggestions concerning the Transfer Station design and operating rules, recycling operations, selection of manager and coordination with waste haulers. In between, we attended seminars and talked with recyclers. We have recommended a company to accept our recyclables, sort and market them and split profits with the Town. Negotiation on a contract have been protracted, however, we expect recycling to start in the spring. The Committee is developing recycling procedures which the Selectmen will shortly issue and a series of public educational meetings will soon be scheduled.
